MURKED IN AUTO ACCIDENT ON BEACH

FARMERS FORM NEW POLITICAL PARTY

UNITED FARMERS NATIONAL BLOC IS NAME OF IT

Militant Organization Is Put Under Way at Meeting in Chicago—Will "Put the Right Men in Office"—Special Attention to Be Paid to the Congressional Elections This Year—Operation of Railroads for Public Service, Taming of Excess Profits Two Aims of the New Party.

CHICAGO, Feb. 18.—The American farmer tonight threw his hat into the political arena.

A new and militant organization, the United Farmers National Bloc, was formed here with the announced intention of "putting the right men in office." Special attention, it was declared, will be paid to the forthcoming congressional elections.

The political agrarian organization was affected at a conference of the Farmers' National Council, attended by delegates from a dozen middle western states.

Candidates coming up for election in the future will be closely scrutinized as to their position on legislation and other matters relating to the farmer. If the candidates are agriculturally O. K., they will be supported; if not, a concerted and determined organized effort will be made to bring about their defeat.

The organization's policy will be to endorse candidates already in the field. It is not the present intention of the farmer to put up candidates of their own, but rather to exert a tremendous influence in behalf of the "right men." The organization says it is "strictly non-partisan."

H. Wells Andrews, a farmer of Genesee, Ill., was elected president, and Chicago selected as national headquarters.

Creators of an "overwhelming public sentiment" in behalf of their political platform, will be one of the most important aims of the "Bloc."

The association recognizes that all-controlling factor in government is public sentiment," said Benjamin C. Marsh, managing director of the Farmers' National Council.

During the last three years farmers have lost \$20,000,000,000 through the deflation of prices, high freight rates and closing of mortgages.

"We propose to remedy this situation."

The new organization's platform, it was announced, includes calling for the operation of railroads for public service instead of private profit, government guarantee of cost of production of staple farm products, and tax on excess profits to pay the war debt.

SEVEN WASHINGTON
THEATERS CLOSED; 2
LEGITIMATE ONES

WASHINGTON, Feb. 18.—(UPI)—As a result of the investigation conducted by the coroner's jury following the collapse of the Knickerbocker theater roof which cost 92 lives, the commissioners of the District of Columbia to-night ordered that seven Washington theaters, including two legitimate houses, be closed immediately.

Among the theaters ordered closed are Poll's and the National, two of the city's oldest and most famous playhouses, and the names of many prominent theater parties.

The Columbia, the Loew circuit, and the Metropolitan, operated by the Grandstaff circuit, which owned the ill-fated Knickerbocker, were also ordered closed.

The other theaters affected by the order are small movie or vaudeville houses.

which for a long period have constituted a deadly menace to motorists along the beach from Daytona Beach to Ormond. It lies partly submerged about 100 yards south of the Breton Inn and tourists who have traversed the beach say that at night it can scarcely be seen by the most careful drivers until they are almost upon it. Its destructive possibilities were emphasized last night by the wreck of the Buick roadster which was almost demolished.

Mr. Malley was a member of the club and so is Mr. Crocker and his lodge was notified of his death after the accident.

The destruction which wrecked the car of Mr. Malley is said to be a case of wreckage which has been added to several others.

ONLY ONE OF CREW OF NINE IS SAVED

CAPTAIN, CREW OF BURNED SHIP IN SMALL BOATS

VESSEL ABANDONED AT SEA
BY CREW WHEN BURNED
TO WATER'S EDGE.

PANAMA CITY, Fla., Feb. 18.—At sea in two small boats for twelve hours Captain Anderson, his wife and the crew of the American schooner Captain Sixty, owned by J. Scott of Mobile, from Pensacola for Argentines, reached home this afternoon. Their vessel, which they abandoned last night, was totally destroyed by fire, being burned to the water's edge.

The fire had its origin from coal from the boiler and despite the efforts of the crew, gained such rapid headway that it became necessary to launch the ship's boats and put to sea. The fire was discovered at 8 o'clock last night, but it was near midnight before the captain, his wife and crew put to sea in the small boats. At that time the vessel, laden with lumber, was about forty miles off Panama City. The crew landed with this port. She cleared last week with a cargo of 280,000 superficial feet of lumber, for Concepcion, Argentine.

One Saved Out of Nine.

PENSACOLA, Feb. 18.—The Pensacola naval radio station tonight received a message from the British steamer Ascasta, saying that E. Brooks, the sole survivor of the crew of the fishing schooner C. H. Holt, had been picked up in the gulf and that Captain Wm. Smith, known as "Mobbie Smithy," and seven of the crew had been lost. The Holt was on her way to Pensacola from the Spanish banks and the cryptic message said that Brooks was the only man who remained afloat. Just how he managed to survive, the message did not state, but the fishermen say he must have taken to the dories and managed to keep above the water until the steamer named came along. He was rescued near Dry Tortugas.

NAMES of the men lost of the crew are as follows: Wm. Smith, captain; Francis Libratty, first mate; Wm. Clark, cook; Jos. F. Nuisse, Andrew Gamble, Wm. Mudge, Wm. McGinnis.

World Records Are
BROOKLYN A. A. GAMES

NEW YORK, Feb. 18.—A new world record for the 100 meters was established at the Wilson A. A. Games in Brooklyn, fought by the Bay of the Illinois Athletic club of Chicago. It was established the last 8 minutes, 51.7 seconds, breaking the old mark of 8 minutes, 51.5 seconds, made by J. Zander of New York on August 7, 1915.

A new world record for the 100 meters relay was made by the New York athletic club with a time of 12 minutes, 51.5 seconds for the last 100 meters.

Frank O'Neill, the racing manager of Youngstown, a new member of the American Athletic Association, won the 100 meters, 51.3 seconds.

O'Neill was followed at the finish in the race which was a hard one after Steve Karr of the University of Pennsylvania, was second and Harry Lyons of the Longfellow Athletic club third.

Both took the jump with the run in the 100 meter race and was never beaten. Rummung University of Pennsylvania, was second and Earl John Scott, Pittsburgh, third.

ST. LOUIS COLISEUM
LEASED BY EASTERNERS

ST. LOUIS, Mo., Feb. 18.—Donald George Tex Rickard, former director of Madison Square Garden, and John Ringling, circus manager, were interested in the proposal to convert the Coliseum into a huge sport stadium, was made tonight by Theodore P. Bates, manager of the St. Louis Coliseum company. Bates said, however, that eastern capitalists were negotiating to lease the Coliseum and remodel the building into a big swimming pool for the summer and a boxing arena for the winter, reproducing Madison Square Garden.

Our greatest inventor seems to be an Irishman named Pat Pending.

HARDING SHIP SUBSIDY PLAN REPORTED SOON

MINERS WOULD WORK ONLY
BANKING HOURS; MAY
WANT MANICURE.

President Plans to Present His
Plan to Join Session of Congress
Wednesday—Sale of Entire
Shipping Board Fleet to
Private Owners First Step; to
Be Followed by Subsidy—Any
Further Appropriation Money
Will Be Fought in Congress.

INDIANAPOLIS, Ind., Feb. 18.—The convention of the United Mine Workers of America adjourned late today after going on record in favor of the wage scale and five days per week and the demand that the present wage scale be continued.

This action followed rejection of the international steel committee's recommendation for an eight-hour day underground and a stormy debate on proposed ranges from six-hour day to eight hours, bank to bank.

The convention also went on record as favoring the issuance of an invitation to the anthracite and bituminous operators for a conference to draw up a new wage scale, effective April 1.

It was decided by the convention that there should be no strike in the event of inability to reach an agreement with the operators without a referendum vote of the miners being presented either of them being favorably reported.

The 2,900 representatives of the half million miners of this country rejected the committee's recommendations that its scale report be substituted for all other wage resolutions offered heretofore.

The drive against the administration's wage program, and, in the view of observers, it had all the earmarks of a concerted move by supporters of the Frank Ferrington-Alex Hawat "insurgent" factions, came near the close of five days of stormy sessions in the convention. It followed close on the heels of three successful courses by Hawat ultimately winding up in victory for the administration, came after "Mother" Jones, picture-leader of the workers, had appealed to "her boys" to quit fighting among themselves and "get down to work like men."

The sale of such a collection of ships will occupy some time and by the time a large number are under private ownership it is expected that subsidy will be functioning. The exact nature of the reorganization plan as the administration prefers it all the ship-subsidy has not been disclosed. But the President has let it become known that it will not constitute a drain on the public treasury and that members of the congressional committees with whom he has consulted have agreed to it in principle.

Should the plan involve the appropriation of a large sum of money, opposition is expected in the house from the members of the middle western states who have been outspoken in their stand against any further appropriations in aid of the establishment of an American Merchant Marine.

Should the plan involve the appropriation of a large sum of money, opposition is expected in the house from the members of the middle western states who have been outspoken in their stand against any further appropriations in aid of the establishment of an American Merchant Marine.

CREATION OF IRISH
FREE STATE WILL BE
ENACTED MARCH 17

JACKSONVILLE, Fla., Feb. 18.—After a day of anxiety during which the sheriff of Baker county, adjuring the sheriff of Marion county to send deputies to reinforce his force, the situation at Macclenny, county seat of Baker county, long considered quiet, was reported quiet. No trouble had developed as the result of the shooting of Tom W. Johnson and the rappelling of W. J. Williams by a band of masked men this morning.

The sheriff of Macclenny declared in a conversation with the sheriff this afternoon that he forced an outbreak of serious fighting between rival factions in the town when night fell, but at 5 o'clock nothing had developed as had been planned to call on the sheriff. Harding the Macclenny sheriff sent for assistance in keeping order, but this request had not been made to him.

ERSKINE DALE PIONEER

by JOHN FOLEY

Come into it

BEGIN HERE TODAY

WHITE ARROW, a boy of fifteen, escaped from the Shawnee Indians by means of his keen resource, and taking refuge in a northern stockade in the "dark and bloody" ground of Pre-Revolutionary Kentucky. He states that he was captured in infancy and that his mother, taken prisoner with him, was killed. The Indians attack the fort and a Virginian mortally wounded, recognizing White Arrow as his son. White Arrow's real name is Ernest Dale.

DAVE YANDELL, a pioneer, acts as guardian and sends Erskine to Red Oakes, the great Dale plantation on the River James. Erskine is kindly received by his father's younger brother, COLONEL DALE, and by his cousins, BARBARA and HARRY.

GO ON WITH THE STORY

"I wish you'd come along."

Barbara laughed.

"I wouldn't like to lose my hair."

"I'll run over for that," said the boy with such confident gravity that Barbara turned to look at him.

"I believe you would," she murmured.

Everybody had gathered for the noonday dinner when they swung around the great trees and up to the back porch. Just as they were starting in the Kentucky boy gave a cry and darted down the path. A towering figure in coonskin cap and hunting garb was halted at the sun-dial and looking toward them.

They saw the tall stranger stare wonderingly at the boy and throw back his head and laugh. Then the two came on together. The boy was still flushed, and the hunter's face was grave.

"This is Dave," said the boy simply.

"Dave Yandell," added the stranger, smiling and taking off his cap. "I've been at Williamsburg to register some lands and I thought I'd come and see how this young man is getting along."

Colonel Dale went quickly to meet him with outstretched hand.

That night the subject of Hugh and Harry going back home with the two Kentuckians was broached to Colonel Dale, and to the wondering delight of the two boys both fathers seemed to consider it favorably.

The boy pried Dave with questions about the people in the wilderness and passed to sleep. Dave lay awake a long time thinking that war was sure to come. They were Americans now, said Colonel Dale—not Virginians, just as nearly a century later the same people were to say.

"We are not Americans now—we are Virginians."

VII.

It was a merry cavalcade that swung around the great oaks that spring morning in 1774. Two coaches with outriders and postillions led the way—the elder ladies in the first couch, and the second blossoming with flower-like faces and starred with dancing eyes. Booted and spurred, the gentlemen rode behind, and after them rolled the baggage-wagons, drawn by mules in jingling harness. Harry on a chestnut sorrel and the young Kentuckian on a high-stepping gray followed the second coach—Hugh on Firefly champed the length of the column. Colonel Dale and Dave brought up the rear.

The cavalcade halted before a building with a leaden bust of Sir Walter Raleigh over the main doorway, the old Raleigh Tavern, in the Apollo Room of which Mr. Jefferson had rapturously danced with his Belinda. Both coaches were quickly surrounded by bowing gentlemen, young gallants, and frolicsome students. Dave, the young Kentuckian, and Harry would be put up at the tavern, and for his own reasons Hugh elected to stay with them.

Inside the tavern Hugh was soon surrounded by fellow students. He pressed Dave and the boy to drink with them, but Dave laughingly declined.

And he waved the boy away with such an insolent gesture that the lad, knowing of no other desire with an enemy than to kill in any way possible, snatched his knife from his belt. He heard a cry of surprise and hurt from Hugh and a sharp hand caught his unraised wrist.

"Put it back!" said Harry sternly.

The dazed boy obeyed and Dave let him instantly.

VIII.

Next morning, when the party started back to Red Oaks, Erskine fell

difference in the atmosphere that made him uneasy. Barbara alone seemed unchanged, and he was quick to guess that she had not been told of the incident.

Dave had made no explanation or excuse for his young friend, but he soon made up his mind that it would be wise to offer the best extenuation: That the lad knew no better, had not yet had the chance to learn, and on the rage of impulse had acted just as he would have done among the Indians, whose code alone he knew.

The matter came to a head shortly after their arrival. The boy was standing behind the box hedge near the steps and Barbara had just appeared in the doorway.

"Well, what was the trouble?" Colonel Dale asked.

"He tried to stab Grey unarmed and without warning," said Hugh shortly.

At the moment, the boy caught sight of Barbara. Her eyes, filled with scorn, met his in one long, sad, withering look, and she turned noiselessly back into the house.

He knew at last what he had done. Nothing was said to him when he came to the house, and that night he scarcely opened his lips. In silence he went to bed and next morning he was gone.

The mystery was explained when Barbara told how the boy, too, must have overheard Hugh.

"He's hurt," said Dave, "and he's gone home."

"Why, hell starve!"

"He could get there on roots and berries and wild honey, but he'll have to eat every day. Still, I'll have to try to overtake him."

He went to get ready for the journey. Ten minutes later Hugh and Harry rushed joyously to his room.

"We're going with you," they cried, and Dave was greatly pleased. An hour later all were ready, and at the last moment Firefly was led in, saddled and bridled, and with a leading halter around his neck.

"Harry," said Colonel Dale, "carry your cousin my apologies and give him Firefly on condition that he ride him back some day. Tell him this home is his—the speaker halted, but went on gravely and firmly—when ever he pleases."

"And give him my love," said Barbara, holding back her tears.

At that hour the boy far over in the wilderness ahead of them had cooked a squirrel that he had shot for his breakfast, and was gnawing it to the bones. Soon he rose and at a trot sped on toward his home beyond the Cumberland. And with him etched with acid on the steel of his lasso, spod two images—Barbara's face as he last saw it and the face of young Dame Grey.

HOLLY HILL

HOLLY HILL, Fla., Feb. 18.—J. L. Peterson left Monday for his home in Duluth, Minn. Mr. Peterson was much pleased with Florida, and intends to come back next winter for a longer stay.

Richard Evans is slowly recovering from typhoid fever, having been ill since Christmas.

The Valentine bazaar given by the F. F. society Tuesday evening was a great success, both socially and financially, \$35 passing into the treasury as a result. Much of the success is due to co-operation and united effort on the part of all the members of the society. And, not to be overlooked, was the splendid assistance given by Messrs. Moore, Herz, Miller, Morris, Mensen, Knapp, Corning, Bruce and Smith. Among the guests from out of town were Mr. and Mrs. E. W. Branch, of Quincy, Mass., who are spending the winter at Wilbur-by-the-Sea. Accompanying them were Mr. Stewart and Kenneth Sargent; Mr. and Mrs. C. A. Wetherill, of Haverhill, Mass., and Mr. and Mrs. Kennedy, of Daytona. There were fifteen ladies and nine gentlemen who did the bartending and decorating of the booths, and eight states were represented.

R. W. Knapp has laid a cement walk along the south side and at the front from the steps to the street of his new bungalow.

Attorney Frank Oertel, with his parents, Mr. and Mrs. Frank Oertel, Sr., of Keokuk, Iowa, spent several days here the past week visiting friends before returning to their home.

The Oertels have been touring the state by auto since December 6th, remaining about ten days. They left December 15th, going down the East Coast as far as possible, crossing by boat to Cuba for a short stay, then returning January 12th they took the trip up the West Coast, and on returning reached Holly Hill February 15th.

Seabreeze Das, Authority on Conditions in Asia to Speak on India at Open Forum Today

All Residents of Seabreeze Invited to Monday Meeting

PROGRAM OF FORUM MUSICAL

AUDITORIUM, 2:45 P. M.

Violin Selections:
Gypsy Dance Nacher
Souvenir Dvotak
Humoresque Dvotak
Arno Jacoba.
Siegfried Carlestedt, Accompanist.

The program at the Open Forum this afternoon at the Auditorium gives promise of being one of the most interesting of an excellent season's array of talent, when a violin musical will be followed by an address on "Economic Forces in Asia and India's Revolution." The speaker on this vital subject with Taraknath Das, an Indian who is a naturalized citizen of America, an M. A. in political science and a fellow in the same subject from the University of Washington. Mr. Das is international secretary of the swaraj movement in India and has made a life study of economic conditions as well as political ones in the Far East. He has lived in and intimately studied affairs in Asiatic countries, particularly in China, Japan and his home, India.

Mr. Das, with whom the Daily News had a pleasant chat Saturday, is a young man of about 35 years of age, energetic and thoroughly imbued with the spirit of freedom for his homeland, believing that British oppression, the cause of the present revolution in India, is seriously handicapping the progressive spirit of that country which should have independence.

It is easy to understand, after hearing Mr. Das speak with fervor for India, to realize that he is the foremost representative of his race in America today. A powerful speaker, a master of controversial facts which he presents in a scholarly and scientific manner, the discussion which will follow his address gives promise of many interesting views being expressed on the Indian question.

The opportunity of hearing the Indian subject discussed by an authority, and of questioning him on points which are not made clear by mere reading on the subject is one which few will pass over this afternoon.

The concert will commence at 2:45 and the address at 3:15.

PENINSULA LOCALS

Mrs. Margaret Malby of Jacksonville is visiting Mr. and Mrs. G. K. Sherman of Daytona Beach.

"Card party at Peninsula Club Tuesday at 7:30. Mrs. Gilhouley and Mrs. Hodge will be hostesses." —344-2-1912

J. M. Tucker, who is located at the Ohio House, Daytona Beach, is spending the weekend in Palatka the guest of his sister.

Mrs. E. L. Barnard of 145 South Palmetto street, Daytona Beach, left Saturday afternoon for a ten days visit to Cassadaga.

Mrs. Preston of Deland is the guest of Miss Sarah Lund and Mrs. Wesley Herrick on Halifax avenue Seabreeze, left Saturday for St. Augustine.

The Misses Margaret and Blattie Mae Brooks, students of Stetson University, are visiting Miss Bryant at the Honeyuckle Villa over the weekend.

Mrs. E. Mohler of Cuba, who has been visiting friends in Jacksonville for some time, arrived Saturday afternoon and is located at the home of Mr. and Mrs. Weatherford in Seabreeze.

Mrs. Elizabeth MacDonald, who has been spending several weeks with her daughter, Mrs. C. T. Wright on Goodall avenue, Marshall Park, left Saturday afternoon on her return trip to Pittsburgh.

Way Down East, Authority on Conditions in Asia to Speak on India at Open Forum Today

Nominations for Seabreeze Town Offices are Made

This is the second and last article by Mr. Schenck on Mr. Hays' job as motion picture empire.

By JOSEPH R. SCHENCK (Written for International News)

LOS ANGELES, Feb. 18.—Arrangements have been made for a review of each picture that is prepared. The report of this review will go to Mr. Hays, and his decision will be final. If he orders the picture changed it will be changed. If he orders it "scrapped" it will be discarded without argument.

We felt that in selecting Mr. Hays for a position of this kind we had done wisely when we picked a man who has had no previous connection with motion pictures. He cannot be prejudiced, and he will favor no one. We know that his usefulness in the post to which he has been chosen will depend wholly upon his complete independence of action.

He was not chosen by me, nor by Mr. Zukor; he does not represent Mr. Fox nor Mr. Goldwyn; he is not the friend of the Universal nor of Famous Players-Lasky. He stands for the whole motion-picture industry, and his job is to view the interests of the entire industry as against any individual producer or collection of producers.

Discrimination Eliminated

For instance, let us suppose that some film concern turns out a picture that is below moral tone and that Mr. Hays decides this must not be exhibited. It is very natural that this concern might, if this decision were rendered by a collection of its business rivals, feel that discrimination was being practiced against it. But when the picture is "scrapped" by order of a man who represents the interests of the entire industry this same feeling cannot exist. Added to this is the fact that the associated producers also have agreed that whenever a picture is rejected for cause they will repay to the producer whose film is denied presentation a sum of money representing one-fourth of what he expended in preparing the picture.

Mr. Hays will be in close touch at all times with the exhibitor—and the exhibitor is the individual who knows best just what the people wish to see.

Some one producer might think that a certain type of picture would bring him rich returns. And this belief might be true so far as he individually was concerned. But the exhibitor to whom the film was extended for presentation would know that the showing of such a picture would be bad business. It might increase attendance of a certain class for one week, but it would lower the tone of the theater and would make for heavy losses in the long run. Mr. Hays will get the views of exhibitors and will take them intimately into account when he is perfecting the close-up organization which we expect will result from his taking hold.

To Keep Confidence

Mr. Hays will be entrusted with the duty of keeping the public confidence—which is something that is basic to the success of the entire motion picture producing structure.

Very much has been said on the subject of "sex" in pictures. But there exists a confusion in the minds of many regarding the definition of sex.

A great many think that the word sex is synonymous with salaciousness. This is not true.

The sex picture will continue to lead to presentation on the screen. But the salacious picture will not be tolerated.

There is an appeal of sex in everything. The clearest and most wholesome love story is based—cannot help being based—in the attraction between opposite sexes—the love of a man for a maid. The very world is self and everything that goes on upon it has sex as a foundation. But it is not necessary to treat the appeal of sex in a vulgar or obscene way. And it will be one of the principal parts of Mr. Hays' duties to see that this is not done.

Gets No Percentage

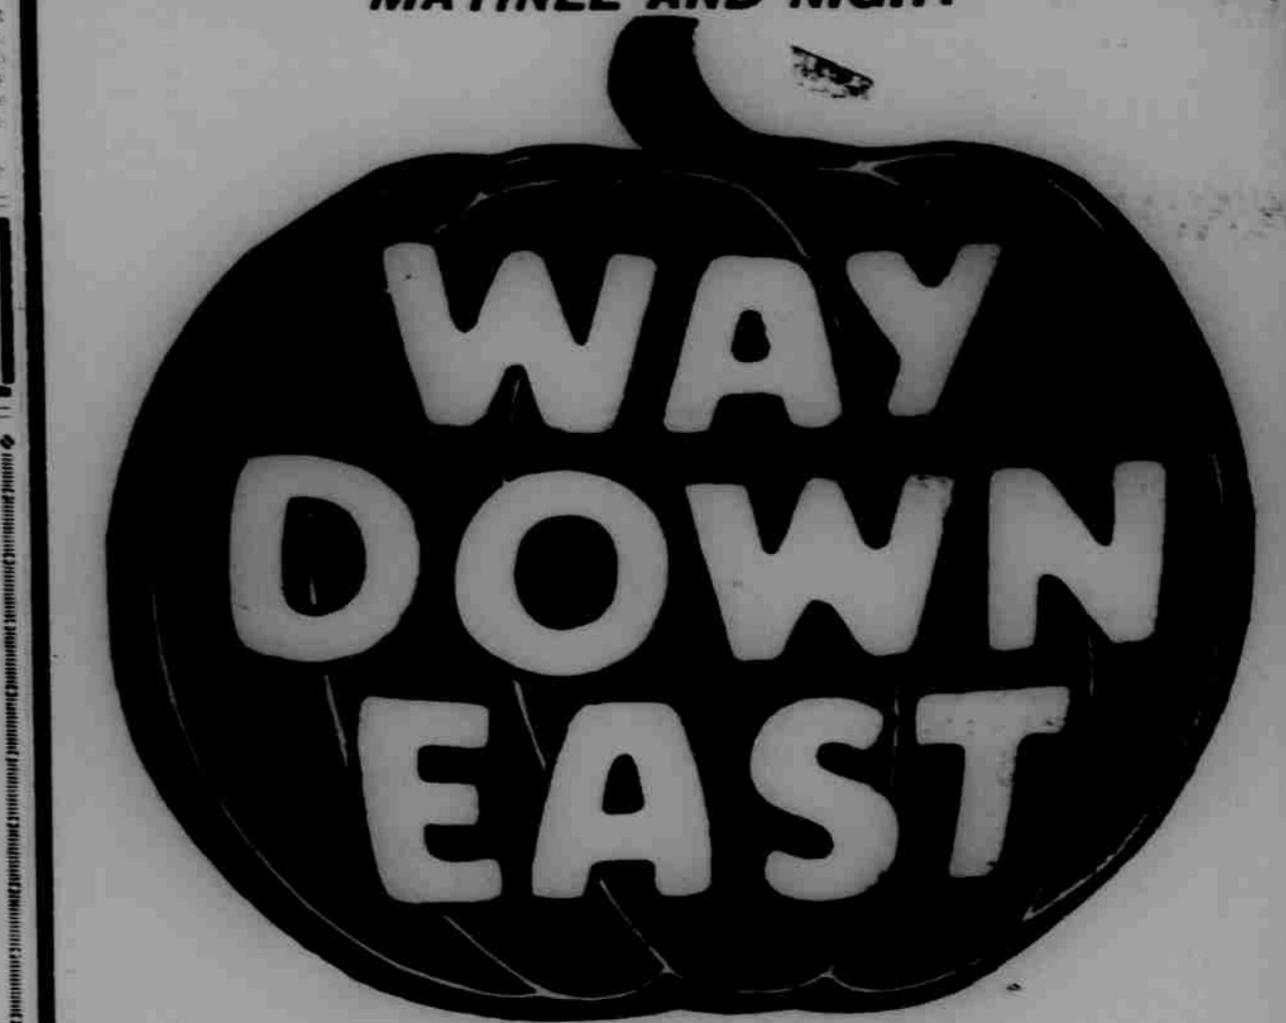

Let me add that Mr. Hays will receive a straight salary. He will not obtain a percentage of anything. Therefore he will be in a position to take direct action without in any way interfering with his income, so he cannot be accused of being motivated.

White 1 was the individual pre-

BUILDERS SUPPLIES

IN
CARLOAD QUANTITIES

In Building Materials of all kinds we are prepared to meet the needs of both the largest contractors and the smallest individual users. We are able to give unexcelled service, make prompt deliveries from stock, and quote the most favorable prices. The vast and increasing volume of business we do, places us in the very front rank of dealers in Builders' Supplies. Our large storage capacity and our facilities for handling big shipments are advantages which are reflected to you when you need any materials that go into any kind of building.

Practically every line of material we handle comes to us in carload or greater than carload lots.

The favorable freight rates and other economies we secure are passed along to our customers.

The supplies we handle are the very best to be obtained. We call your attention to the following:

CAREY ROOFING

A durable, economical, attractive roofing. Comes in Red or Green Slate Surface Strip Shingles and Slate Surface Roll Roofing. Also 1, 2 and 3-ply Rubber Roofing "Feltex" and "Fibremere" Building Papers.

RAILS

In carload quantities. Common, tie, galvanized and steel.

PLUMBING SUPPLIES

Plumbing Material and Fixtures, Bath Tubs, Toilets, Lavatories, Sinks and Fittings, Hot Water Heaters, Hot Air Furnaces.

WINDOWS—DOORS—BLINDS

We have shop facilities for turning out Windows, Door Frames, Sash, Door Frames, Boxes, Screens, Cupboard Work, Moldings, Garden Furniture and the like.

PAINTS

In carload quantities. Common, tie, galvanized and steel.

Paints—
Plaster Paint
Kerosene Paint
Oleic Paint and
"Royal" Paint.

PAINTS FOR ALL PURPOSES

Patterson's Super-Paint Paints for Indoors and Outdoors.
Patterson's No. 40 Household and Office Enamels.

Builders's Hardware of Every Description—Lumber—All Grades of Pine and Cypress

Any Builders' Supplies of known quality for real building construction, are given character and durability by the use of a permanent adhesive and durability that can be attained in nothing else.

SIGN TO BOOST RUM TO CURE DISEASES

ALBANY, Feb. 18.—Confidence of Henry Ford's ability to successfully operate the government property at Muscle Shoals, Ala., various civic organizations, American Legion posts and other associations in Alabama, Georgia, Florida and Tennessee have banded together in urging that Ford's offer be accepted.

Resolutions from the following organizations demanding that Muscle Shoals be turned over to Henry Ford have been presented to the house-military affairs committee by Representative Lamar Jeffers of the Fourth Alabama district. It was learned here tonight.

American Legion posts in Florence, Tuscaloosa, Marion, Eufaula, Selma, Sheffield, Wilson, Dutton, Uniontown and Gaston, Ala.; Moultrie and Dalton, Ga.; Lexington and Bradford, Tenn.; Sanford and Clearwater, Fla.

Chambers of Commerce at Clanton, Huntsville and Anniston, Ala., and Sanford, Fla.

Practically all civic organizations in the four states have expressed themselves as being in accord with the offer submitted by Ford.

The Alabama Power company was bitterly criticized by several of the various organizations in passing resolutions favoring Henry Ford's offer seeking what was termed a "last minute offer" in an attempt to negate the plans of the Detroit manufacturer.

Plans to oppose the Alabama corporation's effort to get control of Muscle Shoals were considered at mass meeting held here Friday night, but no definite action was taken on the matter pending another meeting to be held next week.

CHURCH OF CHRIST IN AMERICA ELECTS N. Y. NEGRO AS SECRETARY

WASHINGTON, Feb. 18.—With the whereabouts of the French note still a mystery, the Harding administration tonight continued silent regarding American participation in the Genoa conference.

Reports that the note had never been dispatched from Paris were neither confirmed nor denied at the French embassy and administration officials contended themselves with the statement that they had been given to understand such a communication was on the way.

More definite views regarding American participation were expressed in German official quarters. Germany believes the only immediate hope of settling the reparations questions, and therefore of stabilizing Europe, lies in active participation by the United States.

The reparations question is out of the way. Germany will be ready to approach the United States on the subject of a loan, and the Germans believe some feasible basis of agreement can then be reached. Reports from Berlin that the German government is about to open negotiations with the United States for a loan to be underwritten by Hugo Stinnes and other German capitalists were discounted both at the state department and at the German embassy.

MILLION DOLLAR SO. GEORGIA LAND DEAL COMPLETED SATURDAY

SAVANNAH, Ga., Feb. 18.—A million dollar South Georgia land deal was consummated here today. By the transaction the Wimberly Corporation purchased from the Georgia Land and Seeding Company of Melton, Georgia, 1,000 acres of land in Colquitt and Grady counties. This is the largest single land purchase ever made in the state recently, it is believed.

Wimberly officials say the purchase is to be used for a new town to be called "Wimberly" and to be located in the northern part of the state.

LOS ANGELES, Feb. 18.—It was reported tonight that the condition of Mabel Normand, screen star, and last friend to see William Desmond Taylor alive, has become so serious that additional specialists have been called in and two nurses are in attendance at her new home in the foothills of Altadena to which she was removed late last night in an effort to secure sedation.

PRINCESS MARY WILL
RENOUCE BIG INCOME

LONDON, Feb. 18.—When Princess Mary, daughter of the King and Queen, is married to Viscount Lascelles on February 28, she will renounce her personal income of \$50,000, which she has been receiving annually from the state.

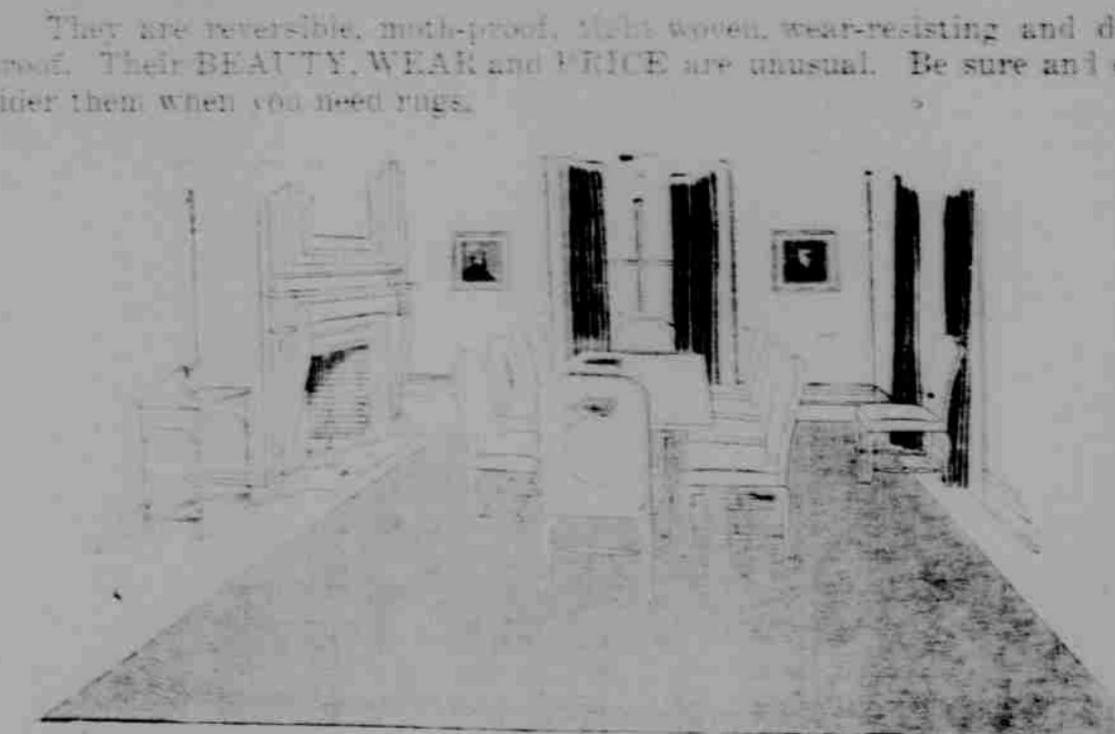

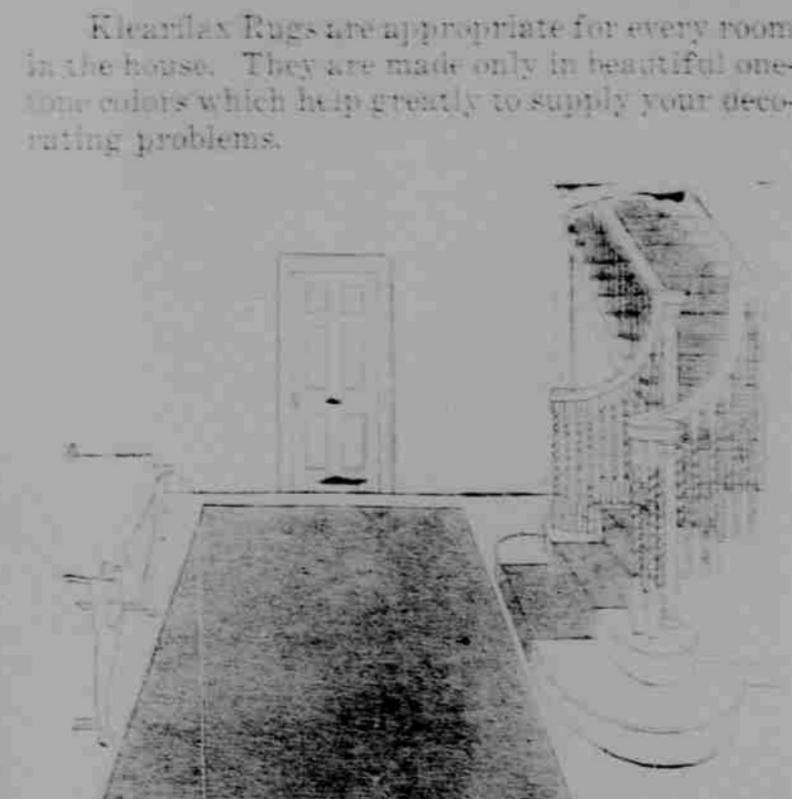

"Are you noisy when you eat?" asks social hints. "No, we are noisy when we don't eat."

FLORIDA AMATEURS IN
CHALLENGE FOR GAMES

PINEHURST, N. C., Feb. 18.—Amateur golfers wintering in Florida today accepted a challenge for a tournament with Pinehurst as a preliminary to the North and South championship to be played here in April.

Studebaker

leads in value on the basis of intrinsic value.

That begins back in the mills in the selection of the raw materials. It continues right on up the line, demanding the highest grade of workmanship in every operation.

But mark this. There can be no real intrinsic value where manufacturing incompetence exists, because you foot the bill. Where you pay under that condition you pay for inadequate production facilities.

Studebaker leads the industry in ability and resources to build intrinsic value into motor cars—economically—and to sell at the lowest prices possible consistent with the cost of manufacture.

Take, for instance, the Studebaker LIGHT SIX. Costs less to buy than the average Fiat yet in tire and fuel economy, flexibility and quality throughout, and in dependable performance in owners' use, it surpasses anything at anywhere near its price.

Careful buying by the public and careful manufacture by Studebaker plus the unusual value of always giving the greatest value for the price, have made the Studebaker LIGHT SIX the best motor car in the thousand-dollar class.

Studebaker relies on the principle that there is no substitute for quality. That was a ruling seventy years ago when the business was founded.

Studebaker remains always the lowest at which it is possible to obtain maximum value and today's price makes the value of the Studebaker LIGHT SIX stand out more strikingly than ever.

Giving the public the greatest intrinsic value for the price has made Studebaker the world's largest builder of six-cylinder cars.

COTTON MARKET

NEW YORK, Feb. 18.—Covering by March shorts was chiefly responsible for a firm opening of cotton today, first prices showing advances of 11 to 19 points. Spot concerns and speculative shorts were buyers of the spot position, while there was considerable transferring of hedges from that month to later old crop positions. The market at New Orleans opened with a poor tone and there were selling orders from there in the local ring.

At the end of the first fifteen minutes, prices here were steady but a shade lower.

The market was firm in the late dealings, closing at a net advance of 32 to 40 points.

Spots steady; 40 points higher at 18:50; no sales.

FOREIGN EXCHANGE

NEW YORK, Feb. 18.—The foreign exchange market opened steady today with demand sterling 11-18 cents higher at \$4.36 1/2. France advanced 7% centimes to \$8.87 cables and \$8.86 1/2 checks. Libre rose one point to \$4.53 for cables and \$4.55 1/2 checks. Belgians up 8 centimes to \$8.43 cables and \$8.42 1/2 checks. Marks were off 1/2 to 9042. Guelder cables, 27.70; checks, \$27.65. Sweden kronen cables, \$26.50; checks, \$26.45.

BANK STATEMENT

NEW YORK, Feb. 18.—Bank statement:

AVERAGE: Loans decrease, \$32,882,000; demand deposits increase, \$12,582,000; time deposits increase, \$14,652,000; reserve increase, \$1,422,320.

ACTUAL: Loans decrease \$46,760,000; demand deposits increase, \$20,832,000. Time deposits increase, \$6,541,000; reserve decrease \$2,333,850.

CALL MONEY

NEW YORK, Feb. 18.—Call money ranged between 4 and 5 per cent on the stock market during the past week. Time money showed little change, with mixed collateral ranging from 4% to 5 per cent and industrials 5 per cent. Commercial paper was quoted at 4% per cent for prime names and 5 per cent for paper not so well known.

NEW ORLEANS SPOT COTTON.

NEW ORLEANS, Feb. 18.—Spot cotton was steady and unchanged today at 16.75c. Sales, 1,116 bales.

Weeks Business Review

(Written for the International News Service.)

NEW YORK, Feb. 18.—Labor troubles are again agitating the business situation. There is general expectation throughout the middle west that the soft coal miners will strike on April 1 over the new wage scale. Owing to the mild winter, operators have an unprecedented supply of reserve coal on hand.

One-quarter of the cotton textile employees in New England are on strike, and more than forty mills are idle. Strike troubles are menacing some of the independent steel companies also.

There was a decrease in business failures this week from last week. Bank clearings were under those of last week, reflecting decreased financial dealings. Money was fairly plentiful.

The amount of money in active circulation is decreasing. It is now \$8,079,226,057, against \$8,282,423,487 last month and \$8,286,369,557 this month last year.

National bank statements show a big increase in resources.

The stock market is strong, with the trend of prices upward. Prices of grain have advanced consistently and the rural sections are much encouraged over the improved situation.

Conditions on the exchange market are better. The Canadian dollar, which is closest to American money, looks less than 4 cents of being at par.

Bank clearing of the United States this week were estimated at \$6,088,588,452, against \$6,112,510,969 last year and \$7,024,458,038 this week a year ago.

Five hundred and twenty-two com-

mercial failures were reported to Bradstreet's this week, against 584 the preceding week.

The average price of 29 industrial issues on the New York stock exchange was 83.88, against 82.96 last week and 78.40 this week last year.

The average price of 29 railroad issues was 77.28, against 76.78 last week and 73.35 this week last year.

Baldwin Locomotive, at 105 1/2, and American Can at 40%, established new high records for the year.

Money for call loans ranged from 5 to 4 per cent this week. Time money secured by first-class collateral ranged from 4% to 5 per cent.

Experts agree that new financing will be heavy this year, although not so heavy as in 1921.

Low money rates aided the bond market. Approximately \$32,500,000 worth of new bonds were issued and absorbed during the week. The solder bonus proposals at Washington depressed the Liberty bond market and treasury officials estimated that the value of these issues shrank about \$16,484,750.

Bonds and notes maturing in March total \$87,379,375, against \$112,221,175 in February.

Despite the New England cotton textile strike, the price trend in the cotton market was upward. The amount of the crop brought into sight this week was 156,745 bales, against 152,316 bales the preceding week.

The total exports of the week were \$2,833 bales, against \$1,385 bales last week.

The world's visible supply of cotton is now 6,250,204 bales, of which 4,972,284 bales are American. This is over 42,000 bales less than last week.

Southern bankers are urging a further decrease in cotton acreage.

The price of grain, particularly

wheat, advanced sharply this week. There was heavy marketing of corn, the visible supply of wheat decreased 163,000 bushels. Crop conditions in the southwest continue unfavorable.

CHANCES OF SOLVING
TAYLOR MYSTERY NOW
SEEN REMOTE AS EVER

LOS ANGELES, Feb. 18.—After eighteen days and nights of intensive search, investigation and shouting, the mystery surrounding the slaying of William Desmond Taylor, famous film director, was tonight as dense and impenetrable as the night he was slain, nearly three weeks ago.

And chances of a solution seem remote. While a mass of clues, "tips" and scores of theories have been checked, little in the way of evidence that would serve to fasten the crime on any individual has resulted.

The investigation goes on with unabated energy. District Attorney Woolwine continues to devote the greater part of his time and the efforts of scores of investigators to the task of finding the slayer, but only the unexpected now will bring success, it is believed.

After making a careful examination of its phraseology and handwriting,

Woolwine came from Detroit to inspect in the investigation. However, that the mystery from previous inquiries of his sources of information, still unsolved.

Want Your Hardware Trade

R. D. Craig Will Hold Big Auction of Lots Tuesday

An opportunity to become the proud owner of valuable property is presented by the public auction sale to be held by R. D. Craig on Tuesday, February 21. Thirty-five desirable building lots are to be offered in this sale, and they will positively be sold to the highest bidders. Without doubt there will be a chance to obtain some of these lots at figures much lower than their actual worth.

The sale will begin at 10 a. m. sharp at Mulberry street, paralleling Main street, in Kingston, between North Ridgewood avenue and Beach street. This section of the Triple Cities is rapidly growing and will in all probability continue to grow during the coming years. All lots have city water and electric lights. It is a most desirable community and one that should interest all prospective home builders as well as those who are keen for investment opportunities.

Daytona is gradually growing northward, and these lots are situated on the northerly city limits.

Many handsome homes have already been built there, and many more are contemplated.

A delightful Valentine party, in honor of Mrs. H. E. Humphreys of Asheville, N. C., was enjoyed at the home of Mr. and Mrs. Oscar Michael on Orange avenue Monday evening. Mr. Michael was assisted in entertaining by Mrs. W. W. Ledwith, and the evening was spent at cards. Five tables were in play throughout the evening and pinocchio was the game of the occasion. The guest of honor was presented with a lovely hand painted cake box, while other prizes were awarded to Mrs. T. Edwards, Mrs. Harry Gartner and A. Cutler. Following the game, delicious refreshments were served by the hostess.

*CATTANEO'S Roquefort, Camembert and Parmesan Cheese to take home. Tel. 534. 346-2-19-11

Mrs. N. C. Holden Will Take Part of Katisha in the Coming Mikado

Katisha, an elderly lady in love with Nanki Po, only son of the Mikado, is the part taken by Mrs. N. C. Holden of Flint, Mich., on February 27 and March 2, when the music department of the Palmetto club will stage the "Mikado."

Mrs. Holden is a prominent worker in the Michigan tourist club, and is soprano soloist in one of the largest churches in Flint. She has a very strong personality and a beautiful voice and will certainly make a hit in the part of Katisha.

Mrs. Holden has done a great deal of oratorio singing, in fact, she was at one time soloist in a 50 piece band and has studied several operas.

*Two Very Interesting Addresses By W. Leon Tucker, D.D. First Baptist church Sunday 11:00 A. M. "A Heifer on Her Haunches." 7:30 P. M. "Will Our Dead Come Back?" 330-2-18-21

HUDSON-SOMERS

Miss Harriett Somers, of Kennebunkport, Me., was married to R. P. Hudson of Daytona, but formerly of Jacksonville, last Sunday morning at the parsonage of the First Methodist church. Rev. D. Stratford Seidensticker. The happy couple will make Daytona their year-round home.

The bride is employed at the Blue Shop and has been making her home with Mrs. Blue at 118 South Palmetto avenue.

GUN CLUB SHOOT

Nine shooters faced the trap Saturday afternoon and among them were some newcomers. Mr. and Mrs. Johnson of Johnson City, N. Y. Although there was a strong breeze blowing there were some good scores made. Roy Barker was high gun with a splendid score of 96 out of 100. Mr. Barker is young in the game and also 10 years, who gives promise of shaping up in the limelight as a trap shooter. The score is as follows:

Barker, 96; C. L. King, 84; C. C. King, 84; Mrs. C. C. King, 82; Harris, 56; Powell, 61; Mr. Johnson, 81; Mrs. Johnson, 51; total, 78.

Shooting is enjoined every Wednesday and Saturday afternoon.

Daytona Trims the DeLand Quintette By Score of 45 to 6

The Daytona High school basketball team easily won the DeLand team in a fast game played last night in the Armory. Score, 45 to 6. DeLand turned to Daytona, scoring 10 points in the first quarter, 11 in the second, and 11 in the third. The last two periods were a struggle, with each team scoring 12 points. In the fourth quarter, the DeLand team scored 10 points, while Daytona scored 11.

DeLand High was shot put winner a light goal. Their six points were made by Chapman and Davis.

Both teams were considerably hampered in their playing by the slippery condition of the center of the floor, as the local team has only been able to practice a few times at the Armory since the floor has been waxed, they seemed to have as much trouble in keeping their feet as did the DeLand team. W. Rossos, the DeLand coach, seemed not to think so, however, and protested the game because he thought that the floor was too slippery.

The line-up on the teams were:

Daytona—Position: Poston, Poston, Waiters—Right forward: Embanks

Parsons—Left forward: Cameron

Shaw—Center: Cherry

Watson—Right guard: Klock

Upp—Left guard: Delane

Hoffman—N. Clinton

Frigidair

The latest gift of science to the health, convenience and pleasure of the American family.

A most important gift, because it benefits the family in its one great necessity—its food.

A really wonderful gift, because it not only preserves food perfectly and prevents its waste, but does so with actual saving of expense.

SUCH IS FRIGIDAIRE

Why provide with infinite thought and care fine linens of snowy whiteness, rare glass and silverware and a wealth of beautiful flowers and then serve your expected guest with just ordinary food. It's no longer necessary.

The crowning touch of distinction to an exquisite table is the super quality of food served from a Frigidaire.

And they are obtained with less ordinary trouble and labor also, can be purchased and prepared in leisure and put away in your refrigerator to keep in perfect condition until used.

Think of the relief of not having to prepare things at the last moment.

With Frigidaire you are always prepared for the unexpected guests.

When dinner is over your Frigidaire invites the inspection and interest of your guests. Standing in your serving or kitchen in all its snow whiteness, it is a never ending source of surprise to your family and guests.

Let Us Tell You How All These Wonders Are Accomplished

P. O. BOX 761

Public Auction SALE

of Thirty-five Choice Building Lots Tuesday, February 21st, beginning at 10:00 A. M.

These lots are located adjacent to the Northerly City Limits of Daytona, on Mulberry St., paralleling Main St., in Kingston, between North Ridgewood Ave. and Beach St. This auction sale will offer an unquestionable opportunity to the person who desires to buy a lot and build a home as well as those who may buy for an investment. They will positively be sold to the highest bidder; unless many will be knocked off at a mere fraction of their real worth, and those who attend will have the advantage of picking up some real bargains. This section of the Triple Cities is rapidly growing; many new homes have been erected in the vicinity in the past year, and many are planned for the near future. This property is almost surrounded with modern homes; Daytona is speedily growing in every way and those who buy here now will surely make big returns on their investment. Band concert all day on the day of the sale; drawing for numerous prizes for all who attend. This will undoubtedly be one of the largest sales of this kind ever held in the Triple Cities. Drive out to Mulberry St. today and take a look at this property. View it from any angle you like and you cannot help conclude but that this is the coming section of Daytona, and just what you are looking for.

TERMS: One-third cash, balance one and two years at seven percent interest.

These lots are adequately restricted. Don't forget the time and date of sale.

10:00 A. M., Tuesday, Feb. 21st, 1922

CITY

W. M. and
A. C. Hawkins Give
Washington Party

One of the most enjoyable social functions of the present season was the bridge party given by the Messrs. W. M. and A. C. Hawkins at the Palmetto Club rooms Wednesday afternoon from 2 to 5 o'clock.

It was in the form of a George Washington birthday party with very attractive favors and decorations corresponding with the occasion.

One hundred guests were present to enjoy the hospitality of the hostesses and 24 tables of bridge were in play throughout the afternoon. Handsome prizes were awarded to the Mesdames Don Shockey, A. G. Hunt, W. W. Hilyard, John F. Walter, J. P. Esh, Frank Nelson and Mrs. Hawley. At the close of the games, dainty refreshments were served by P. Daniel, proprietor of the French Cafe.

Tourist Bible Class of
Beach Church Gives Party

Members of the Tourist Bible Class of the Community M. E. church, with Dr. C. W. Wilbur as teacher, gave a very enjoyable Valentine party Tuesday evening in the lower auditorium of the church. As each one entered the door they were given a St. Valentine heart with a number on, which later developed to be the number of their partner for supper. This made a very interesting part of the program, as it necessitated the mingling of all present in order to ascertain who had the corresponding number.

The evening was spent very pleasantly with music, songs and games and as the following day was the anniversary of Mr. VanNuy's birthday, he very generously read a birthday poem. The origin of St. Valentine's day was given by Dr. Rutter.

Mrs. Mary Crutcher East
Hostess at Ormond Beach

A Valentine party was given by Mrs. Austin Miller at 17 North Palmetto Street, Monday evening. In honor of the Toyne Harbor of Tampa, Fla., and Miss Connie Simmons of Daytona, the rooms were decorated especially in St. Valentine colors and three tables of Bridge were in play throughout the evening. Some lovely prizes extended to the winners, the following were the winners: Mrs. George Reynolds, Mrs. Katherine Miller, Mrs. Connie Simmons, and Mrs. Connie Coleen. After the game, delicious refreshments were served.

Mrs. Mary Crutcher, East Lexington, Ky., and Daytona Beach, was hostess Tuesday at a dinner party at the Bretton Inn. Mrs. East's guests are Major and Mrs. A. D. Reynolds, Bristol, Tenn.-Va., and Mr. and Mrs. J. K. Reynolds, Mt. Airy, N. C., and Daytona Beach.

THE BEE HIVE

Department Store

WINTER RESORTS

PRINCE GEORGE

Mr. and Mrs. R. W. Edwards, of New York, N. Y., who are touring the state, are spending several days at the Prince George.

Mr. and Mrs. George H. Montgomery, of Winter Haven, Fla., who were at the Prince George earlier in the season and who went to Miami for a visit, have returned to the hotel for a short stay after which they plan to go to St. Augustine.

Mrs. David D. Pierson and Mrs. Byron Giller, of Carrollton, Ill., who are touring Florida, are guests of the Prince George for a few days.

George Ambora, of Pawtucket, R. I., who has been visiting Miami, has returned to the Prince George to spend the remainder of the season.

Mr. and Mrs. William Candler, two children and nurse, of Atlanta, who are on their way to Palm Beach and Miami, are spending a few days at the Prince George. Mr. Candler is connected with the Coca-Cola company.

Mr. and Mrs. J. B. Morrison, of Atlantic City, and Mr. Morrison's son, J. W. Harrison, are guests of the Prince George.

Mr. and Mrs. E. M. Miller and Mr. Morrison's son, J. W. Harrison, are spending the winter at the Prince George.

Mr. and Mrs. A. Jones, of Worcester, Mass., are staying for a week at the Clarendon.

Mr. and Mrs. A. Jones, of Wilmington, Del., are staying at the Clarendon.

Mr. and Mrs. J. G. Warren, of Los Angeles, are at the Clarendon for a week.

Charles Morgan, of Freeport, Maine, is staying some time at the Clarendon.

Mr. and Mrs. Andrew Cochran and A. E. Devereux, of Atlanta, are at the Clarendon for an indefinite stay.

Mr. and Mrs. G. L. Carlisle, Jr., of Park, are at the Clarendon for a day or three weeks.

PRINCESS ISSENA

HOTEL RIDGEWOOD

Mr. and Mrs. J. Leslie Hoos, of New York, N. Y., are expected to arrive at the Princess Isseña today from the south. Mr. Hoos is president of the club and is prominent in social circles. He also is president of the Ridgewood Country Club at Ridgewood, N. Y., the club which Mr. and Mrs. Charles Isseña, who has just returned to America from a tour of Europe, belong to.

After a while Mr. Haynes, and Miss Hoos will leave for a week at Palm Beach and Miami.

Mr. and Mrs. O. M. Howell and Mrs. H. A. Wood, of Woburn Hills, Mass., have arrived at the Princess Isseña where they will remain for the balance of the season.

Miss Charles Sweet, of Medina, N. Y., was the charming hostess at a very lovely bridge party given at the Princess Isseña Friday evening. The guests were Mr. and Mrs. Bowen and Mrs. Childs, of Medina; Mr. and Mrs. Cummings, of Toronto, and Mr. and Mrs. Hunting, of Pittsburgh. Mr. and Mrs. Sweet are staying at the Princess Isseña for the season and have made a host of friends during their stay.

SEASIDE INN

Mr. George Damon, of Omaha; L. D. Shirley, of Mentor, O.; Mrs. Charles Gandy, of Cleveland, and Mr. and Mrs. Alexander of Mt. Dora, were among the guests of the Seaside Inn the latter part of the week.

Mr. and Mrs. Maurice Hodder and Mrs. Roy J. Davis, of Lima, were also spending over the state. Very popular guests of the Seaside Inn.

Mr. and Mrs. H. Harrison and Mrs. C. Morrison, of Rochester, N. Y., are at the Seaside Inn for a week or more.

Mr. and Mrs. A. D. Thomas, of Indianapolis, are guests of the Seaside Inn.

Mr. P. P. Conroy, Philip Conroy and Herbert A. Bush, of Jacksonville, who are touring the state and who were guests of the Seaside Inn earlier in the season, have returned to the inn for an indefinite stay.

*of a National Park
Southwestern Florida Is
Creation of "Triple A" Man*

Nation's Tropical Forest, which covers an area of 1,000,000 acres, has been created by the many natural advantages of the American Automobile Association, who has been in this country in the interest of development and organizing under the auspices of the University's department of engineering and research. Mr. O'Connor goes into these two very important sections:

"They are there now, but in five years' time they will have gone the way of the wild pigeon and prairie chicken, and the forest primeval will be no more and the United States will have lost what it will never gain back unless the sportsmen of the country, the American Game Protective Association, the Audubon Society, Chamber of Commerce and motor clubs under the A. A. banner act and act quickly.

"An area of fifty square miles may now be had for the asking if the Federal government will take charge and protect the game, build roads as they have in the Yellowstone and give to the people of the United States this last opportunity to have a winter hunting and shooting paradise.

"The end of it all will follow the completion of the Tamiami Trail from Miami to Chokoloskee and the north road to Fort Myers, and the east bound road from Fort Myers to Palm Beach and north bound road from Fort Myers to Chicago. These projects will be finished within three years, then it will come thousands of hunters, some pests, such as pot hunters and plume hunters, real estate promoters and others, so it seems that if we want to keep our last great game bird and animal resort our only great wild royal palm forest, our greatest fishing waters in the world, we must all act and act quickly.

"I am thinking about two things. One is to go to the United States. One is to drive to Florida, perhaps prefer west Florida, a National Park. Let me tell you what is 40 miles south of Port Orange, the two furthest points in the United States.

"There are islands on the coast of the greatest tarpon fishing to be had in the passes, and fish, hundreds of different kinds, hundreds of plumage birds, such as the great white Wood Ibis, the Roseate Spoonbill, known down there as "Pink Curlew" Egrets, Kites, wild turkey and quail, little lakes teeming with bass, alligators and a few crocodiles, lazy manatee saw-fish, green turtles, loggerheads, rays of the small and giant varieties and the largest and only real wild Royal Palm forest in the United States, the most beautiful and stately tree in the world, deer, bear and cat.

"They are there now, but in five years' time they will have gone the way of the wild pigeon and prairie chicken, and the forest primeval will be no more and the United States will have lost what it will never gain back unless the sportsmen of the country, the American Game Protective Association, the Audubon Society, Chamber of Commerce and motor clubs under the A. A. banner act and act quickly.

"An area of fifty square miles may now be had for the asking if the Federal government will take charge and protect the game, build roads as they have in the Yellowstone and give to the people of the United States this last opportunity to have a winter hunting and shooting paradise.

"The end of it all will follow the completion of the Tamiami Trail from Miami to Chokoloskee and the north road to Fort Myers, and the east bound road from Fort Myers to Palm Beach and north bound road from Fort Myers to Chicago. These projects will be finished within three years, then it will come thousands of hunters, some pests, such as pot hunters and plume hunters, real estate promoters and others, so it seems that if we want to keep our last great game bird and animal resort our only great wild royal palm forest, our greatest fishing waters in the world, we must all act and act quickly.

"The other project I have thought about might be to have in the state university a department of highway engineering and research, where county officials may be able to get scientific data on road construction and counts obtain Florida map from a Florida university in the county engineers and surveyors.

"We want to give the Triple Cities here a real motor club strong in numerical strength, strong in finances and active all the time. Our aim is 1,000 members, our objective to do our part in eliminating every bad mile of road from Miami to Daytona, to New York and Chicago this year and to enable the motorist to reach Daytona with a maximum of comfort and speed and a minimum of expense.

"We of the A. A. A. know this will mean the doubling and tripling of business here and that if every company will do its part under the A. A. A. carefully thought out and standardized plans that within a year a wonderful change will have taken place."

NO CHANGE IN MADISON SQUARE GARDEN AFFAIRS

NEW YORK, Feb. 18.—No change in the administration of affairs at Madison Square Garden is anticipated as the result of the resignation late yesterday of Tex Rickard as head of the sport promotion syndicate there. The majority of the new board of control has been associated with Rickard two years or more.

John Ringling, the circus man who has been chosen President, has been a silent partner in the enterprise since its inception.

Wouldn't it be great if all gourmets were as bad off as they think they are?
